

Benson IT Solutions, Inc. Resource Scheduler

The resource scheduler makes it easy to schedule almost any type of resource.

- Provides a central web system to schedule your organization's resources.
- Customize resource types to meet your needs
Add your own resource types, i.e. "Laptops, Meeting Room, etc."
- Add your organization's resources
- Add any resource your group needs to share among users
- Each resource may have many unique values entered
- Assign specific details to a resource such as building, floor, department and more
- Upload an image of the resource
- A resource may have one or more administrators
- Resources may be scheduled in 15 minute increments by clicking on grid, can be customized for different time intervals
- Reservation notifications and reminders may be emailed to users and/or administrators
Email settings can be configured per resource
- View a resource's schedule without an account
- Login required to make a reservation
- Share resources among Departments
Resources may be assigned to one or more departments to restrict use
Users may view all/or only those items assigned to their departments
- System administrators can add, edit and track resource details in the online interfaces
- Requires Cold Fusion Server 4.5 or higher
Integrates with BIT Web Calendar v3.3 & higher
